CAMERA REEL RC 2

for RUNPOCAM RC 2 - Multifunction-camera

Item no.: 20608

Application images:

DATEN

ITEM NO.	20608
WEIGHT KG	0,14 kg
POSSIBLE LENGTHS	10 m, 30 m, 50 m
DIMENSION	L 267 mm B 177 mm H 38 mm
MATERIAL	Special plastic

DESCRIPTION

In the form of the RC2 camera reel, RUNPOTEC has developed a very practical tool for rewinding the various lengths of the RUNPOCAM RC2 (10 m, 30 m, 50 m).

The reel was designed way that the connecting plug can be placed in the storage compartment provided for it through the internal recess and can therefore be connected to the monitor at any time without needing to unwind the cable.

- 1 The reel can be attached to the wall or suspended via the mounting bracket. Thanks to the integrated magnet in the camera reel, the monitor can be centred when suspended and can be fastened using a fixation strap.
- 2 The centred recess allows the monitor to be positioned vertically at a convenient angle to the viewer.
- 3 Cable can be unrolled in combination with X BOARD XB 300 or XB 500 cable dispenser

Application video: a short, very informative application video can be viewed by scanning the QR code or on www.runpotec.com.

Scope of delivery: camera reel RC 2 - for RUNPOCAM RC multifunction camera"

ADVANTAGES

- **Suitable for all cable lengths of the RUNPOCAM RC2**
10 m, 30 m, 50 m
- **Wall mount** 1
Mounting bracket + magnetic holder for monitor
- **Vertical monitor adjustment** 2
Practical viewing angle 60°, hands free for working
- **Cable unwinding option** 3
with X BOARD Cable Dispenser XB 300 or XB 500

INFORMATION

Use with:

RUNPOCAM RC2

Length: 10 m | 30 m | 50 m
Item no. 10139 | 10140 | 10141
